# FRANCISCO BRUNO DA SILVA SOUSA, 25

## FULL STACK DEVELOPER

## PROFESSIONAL RESUME

I'm a full-stack developer, with more than 1 year and a half of experience in web development. I have solid knowledge in functional programming and in the main front-end technologies, such as Bootstrap, Angular, Jquery, Javascript, React and CSS preprocessors. I am interested in working on front-end applications, applying my knowledge in scalable projects and with the best development practices.
